

## President's Message—Mary Anne Lewandowski

### *Hello Friends,*

The days are getting cooler, the sun is setting earlier, and our Corvettes seem to run a little sweeter in the Fall and Spring.

I hope you enjoyed some of the activities August had to offer. I saw several of you at the LCCC Ice Cream Social at Oregon Dairy on the 3rd. Word on the street is that a good time was had by those who attended the cruise to Schaeffer's Canal House and then to Eileen and Mike's on the 17th. And I can't remember a Corvettes at Carlisle weekend with nicer weather.

Congrats to Barry Liebert from Warminster, PA on winning this year's raffle car, and to Jeff Murphy for selling the winning ticket! A HUGE thank you to Tony and Lisa for their extraordinary efforts and attention to detail in handling all the

moving parts of the raffle car fundraiser. We applaud you both. Thank You!

Looking forward to September, we have the Wine and Wheels at Nissley Vineyards on the 6th. So far, we have 22 club members registered. Hopefully several more will join us on the day of show! It should be a fun day for all. October is right around the corner, and before you know it the 35th Annual American Legends show will be here. Be sure to get your pre-registration to me before September 27!

Let's be sure to enjoy the final days of summer.

Motor On!

### Governor's Report—Scott Breneman

Scott had an NCCC dues update to share in New Business.

### President's Report—Mary Anne Lewandowski

Mary Anne reported that Kinsley is still moving forward with the sale of the dealership.

### Vice President's Report—Lisa DeFelice

Lisa announced that the December 10th General Membership Meeting Christmas Party will be held at Timbers again this year. Kathleen, from Timbers, has said that it has not yet been sold, and she gave a big shout out to Angie, Rick, and Cody for the work they did organizing past parties.

### Membership Report—Mike Baker

Mike was away for this meeting.

### Newsletter Report—Tony DeFelice

Tony needs a feature car for the newsletter. He shared that he has secured an advertisement to be placed in the newsletter which will be a source of revenue for the club.

## Activities/Parades/Competition:

### **Activities**

- Steve reported that the club was very active in the month of July. Many club members attended the shows at the Markets at Shrewsbury and the Skyline Invette-tational.
- On July 17th, 40 members participated in the Jak Frost Ice Cream Run.
- There was a big turnout to support club member, Ali Murphy, at the Prima Theater's Piano Men Outdoor Show at Greenfield Park.
- Thank you to Marv and Ruth Fox for organizing the trip to see Calvin High's personal car and memorabilia collection.
- Wow! 41 Club members joined us for the LCCC Ice Cream Social at Oregon Dairy on August 3rd.
- Coming up, Jesse Landis is organizing the cruise to Schaefer's Canal House on Sunday, August 17th.
- Finally, Steve urged all club members to sign up to support the Nissley Wine and Wheels Show on September 6th. Last year, this free event raised \$500.00 to support Claire House.

### **Parades – Ken Unger**

- Ken Unger announced that he plans for 2026 to be his last year managing the parades and is looking for someone to take his place. Because the parade registration forms ask for a contact person for the coming year, he is requesting that his replacement for 2027 be named in 2026 so that that person's contact information can be supplied.
- Ken is looking for coupes and corvettes for the East Petersburg Parade on 9/20/25. Also, next month will get busy with the farm show parades.

### **Shows**

# General Meeting—cont'd

## Legends:

- Mary Anne reported that the trophies are in production and the T-shirts will soon be ordered. She requested members sign up to volunteer.

## Competition

- No additional information at this time.

## Open Forum

### Old Business:

- Raffle Car Update: Thank you to everyone who has participated in selling tickets. Lisa asked for all unsold tickets to be returned to her. 514 tickets have been sold to date and the car has been paid for. Tony shared the ticket seller schedule and announced that the sellers' tickets will be at "will call." The new selling location will be on the stage this year. Tony shared the setup diagram and asked for input from members.
- Openings to assist the Club:
  - Newsletter-Terri Hollis is willing to take over the Newsletter.
  - Instagram- Steve Colucci will be doing this
  - Activities Chair
  - Christmas Angels
  - Membership
  - Webmaster-Travis Gramley has volunteered to take over as the Webmaster

**Dues Update:** Scott shared that the NCCC survey showed that members would support a minimal dues increase and a cut in the budget, but no meaningful cuts were made. The NCCC has proposed a dues increase of \$20.00 per couple (\$15.00 per member and \$5.00 per spouse.) The last dues increase took place in 1986. Scott shared that based on the advantages that come with NCCC membership as detailed in his recent email to the club, he recommends that LCCC remains in the

NCCC. The membership was surveyed and overwhelmingly voted to remain in the NCCC.

**Budget Update:** Steve presented a mid-year 2025 budget review to the club detailing all sources of income resulting in a deficit. The main contributor of this deficit is the loss of the Autocross this year. The Board has considered allocating full show registration fees and parade donations back to the club. Member input was solicited for ways to increase club revenue in the future.

Mary Anne has asked for volunteers to run the 50/50 for the membership meetings in September and October.

There being no further business or comments-Jan Gerhart motioned for adjournment, seconded by Clyde Mooney. All were in favor. The meeting closed at 8:55 PM.

## Driven by Heart: Celebrating Emma Haggie, One of the Youngest Donors in National Corvette Museum History

At the National Corvette Museum, every Corvette story matters. And some of the most powerful stories come from those just beginning their journey. Today, we shine a spotlight on Emma Haggie—who, at just 15 years old, has become one of the youngest known donors in the Museum's history.

Emma's gift is more than a donation. It's a statement. A signal that the legacy of America's Sports Car resonates far beyond the showroom floor or the racetrack. It lives in the hearts of a new generation—dreamers, doers, and passionate supporters who believe in Corvette's power to inspire, connect, and drive forward.

One of the ways Emma supports the Museum's mission is through a personal contribution to our Fund-a-Field Trip program. She shared: "That is where it all starts. If you can get a child interested in Corvette, the line will soon follow as other children become interested. And what's so good about funding a class is you know at least one of the children who visited can go on to be the next Corvette owner, Corvette engineer, race car driver, or designer."

Though young, Emma already understands what many Corvette fans know in their soul: Corvette isn't just a car. It's a community, a symbol of excellence, and a celebration of American ingenuity. Her contribution helps preserve that legacy and powers the future of the Museum's mission—education, preservation, and the celebration of Corvette history.

From the roar of a ZR1 engine to the quiet determination of a young philanthropist, Emma reminds us that passion for Corvette knows no age. Her gift supports STEAM education in our McMichael Family Education Gallery, fuels future exhibitions, and helps ensure that generations to come can walk through the Museum's doors and experience the Corvette story firsthand.

To Emma—and every young supporter who dares to dream big—thank you. You are the future of the Corvette legacy, and we are proud to be part of your story. Want to support our mission like Emma?

# Christmas Angels

Thank you to all those who signed up to make a theme basket. We will have a nice variety, of at least 20 baskets, for our auction or raffle.

**What we need now are gift cards and random items.** As mentioned before, we are not asking you to solicit businesses for these cards. The gift card is your donation to our Christmas Angels raffle and auction. Gift cards are always a popular draw. Last year we had about 30 gift cards. Let's try to exceed that this year.

Please bring any and all random items you may have to the September meeting. If you don't have a basket for your items, just bring them in a box or bag and we will find an appropriately sized one from our large collection.

September 23rd we will meet at the Sumpman's to bag and bow theme baskets and put together baskets of random items. Please let us know if you will attend to help.

Again, thank you for all your support.

## ***Big Brother...***

The story of how I came to be the owner of my 2004 C5 convertible Corvette begins at a most unlikely time.

November 5, 2020, I became paralyzed from the waist down from Guillain-Barre Syndrome. After spending 11 days at LGH, I was transferred to the LGH Rehab Facility, where I underwent physical therapy & occupational therapy for 30 days until I was discharged on December 17.

At that time, I was still unable to walk, stand up or even sit up in my hospital bed.

On January 10, with the encouragement of my in-home therapist, I was able to stand up by holding on to the bed rail and a walker, to my great surprise!

About 2 weeks later, Corvette Club members Marvin and Ruth Fox came to visit me. During our conversation, they mentioned earlier in the week they had visited Mark and Nancy Hackman, who were also Corvette Club members at that time. Mark was recovering from surgery and the Fox's mentioned that Mark will likely be selling his Corvette.

While this information had no implied meaning for me at that time, I was aware that Mark meticulously cared for his Corvette.

As I was recovering rather quickly, Elsie and I decided to go to our Florida house in late February for the rest of the winter season. While there I reflected on the comment Fox's made about Mark considering the

sale of his Corvette.

After contemplating this for some time, I emailed Mark to inquire if he was thinking about selling it. He verified that he was and we discussed the features and options of the car.

After agreeing on the price, we made arrangements for me to see the car after our return from Florida in April. On May 19, 2021, I became the happy owner of an '04 Torch Red Corvette with 38K miles on it!

The primary reason for purchasing this car was so that I could participate in parades with other Club members, since it is a convertible with automatic transmission.

My '08 Z06 has a fixed roof and 6-speed manual; therefore not an option for most parades.

I purchased the C5 pedal car in 2000, so now it has a full size, big brother!

## 2025 Activities—Wine and Wheels

Wine and Wheels is fast approaching, and if you have not already done so, please consider registering your car for this fun event so that you do not miss out on the festivities!

For the second year in a row, Lancaster County Corvette Club is partnering with Nissley Vineyards for the Wine and Wheels Car Show on **Saturday, September 6, 2025**.

This is an opportunity to enjoy live music, food trucks, wine and other beverages on the grounds of Nissley's beautiful winery. There is no fee to register, and once again Nissley has offered to donate a portion of their wine sales to our charity, Clare House in Lancaster.

If you have not already registered, please use the link below to register your car for this free event! Please plan to arrive by 11:30 am. Nissley Vineyards is located at 140 Vintage Drive in Bainbridge, PA 17502. A People's Choice Award will be presented to the winner at 3:30 PM. Please reach out to Steve Colucci at 610-952-3592 if you have any questions. Hoping to see you there!

## 2025 Activities—Cruise to Schafer's Canal House

We had a great turnout on a beautiful summer day on our cruise to Schaefer's Canal House. We want to thank the Manager at Schaefer's for donating a \$50 gift card to be used at our American Legends Show. We were also treated to ice cream and tours of the incredible collections of Mike and Eileen. Thank you both, there was so much to see, it was truly incredible!! Thank you Jesse for leading this activity.

Another successful year is in the books. We want to thank everyone for their participation in this year's raffle. As you can see by the list to the right, there was a lot of participation. We had 60 individual sellers!!

Our top 2 sellers were once again Clyde Mooney and Jim Roberts. Clyde logged 205 tickets sold among his individual sales, the mail-in tickets, and his selling prowess at the shows. Jim Roberts was close behind at 163 with his individual sales and all his help at the shows.

While we applaud our top sellers, we cannot do this without everyone's participation. Whether you sell 1 or 200, every sale goes to help our charities and each is vitally important.

As of this writing, the winner has not yet taken delivery of the vehicle, but will do so the week of September 4th. The winner is Barry Liebert from Warminster, PA. The ticket was sold on Thursday August 21 at the Carlisle Show by Jeff Murphy.

Barry was excited to win and looks forward to getting the car. It will add to his collection being his 4th Corvette. He currently has a 1962, a 1978, and a 2014. Barry also mentioned that he knew Chip Miller so it's good to see a local connection.

Lisa and I also want to thank the Carlisle Events staff, especially Lance Miller and Jodi Morrison. Without them, our charities would not benefit nearly to the level they do. Thank you Lance and Jodi, can't wait for next year!!

# 2025 Activities— Corvettes at Carlisle

## *We join for the cars, we stay for the people...*

Being a Corvette owner means different things to different people. Of course we all love Corvettes, but what comes with it is as varied as the option combinations through 8 generations.

We had the good fortune to be on the main stage for the raffle car ticket sale. We were parked next to the VIN001 Corvette. To have the opportunity to be that close to the most important Corvette in history, was a chance of a lifetime. Even better, was to have one-on-one time with the owner and hear his story. But this story is not about him, it is about Tony Kleiber. Almost no one would have heard of him or remember his part in the Corvette story.

There is one great advantage we enjoy as members of LCCC; for 3 days a year, our region becomes the epicenter of the Corvette world. I've been all over the country and EVERY Corvette owner I've talked to knows about Carlisle. Although most of the event goers are from the east coast, it is Corvette Mecca for just a few days.

With this comes some really cool features, Corvette experts, old friends, new friends, and just about anything you want for a Corvette weekend; even an excuse to eat some really unhealthy but yummy food!

This year was no different. LCCC, of course plays our role in raffling off the car, but when we step away from our highly successful charity event, we can enjoy the rest. This year they had multiple features including a special version of the old and new.

For the new, there was the incredible ZR1X—the 1,250 HP supercar that is now the epitome of Corvette engineering. On the other end, was the very first Corvette, VIN number 001. I won't repeat the story of it's providence, you can read

[this article.](#)

This story is about the one thing that is pervasive throughout the Corvette community, you join for the car, you stay for the people. While we like to make fun of the stereotypical Corvette owner, we lose so much if we don't put time and energy into hearing each individual story. These are the things that help us build connections and enjoy being part of something bigger than us.

This story highlights one such connection. This is a connection that I would not have been part of or would not be able to write about if it were not for the charity work we do.

A man, Brian Skeuse, came up to me like so many others did to ask about the VIN001. He was looking for the owner who was not on stage at the time. We got to chatting and he started telling me about his story. He told me he knows the first person to ever drive that car. It was Tony Kleiber, it was his job to drive the Corvette off the line at the assembly plant.

Brian went on to say that his daughter-in-law is the great grand daughter of Mr. Kleiber. He then pulled out pictures from the Flint, Michigan assembly plant in 1953, showing a picture of the very same Corvette that was sitting on the stage with Mr. Kleiber at the wheel.

As the story goes, when it was announced that there were going to be photos taken of the first Corvette, Mr. Kleiber wanted to go home and put on a new shirt. The management team would not let him which made him quite upset as he was a very meticulous and proud person. Instead, he is pictured with a white undershirt as he is seated in the Corvette smiling at members of management

72 years ago.

Mr. Kleiber was a very loyal Chevrolet employee and promoted the brand to anyone who would listen. Many years after Mr. Kleiber retired, he was visited by NCRS executives late in his life when he was bed ridden. The family is searching for pictures of this.

Brian also talked about learning of Mr. Kleiber. When Brian's son met his wife, they did not know for some time that there was a car connection to be made. Once again, these cars being a conversation piece help us tell and write stories that help bring us together.

Now that Cory Peterson and John Amgwert have given new life to this historic Corvette, I am hoping it brings to life more stories like Mr. Kleiber's and more connections like the one I am so honored to make with Brian.

I am also hoping that the family connection with Brian will be brought into the next chapter of the story that Cory and John are writing.

I also want to express our thanks to Lance and the Miller family for keeping Chip's story alive and strong. When speaking of connections, there wasn't an hour that went by that someone didn't tell me a story about Chip and what a wonderful person he was. The next statement is always, Lance is a chip off the old block, no pun intended. So Lance, thank you for making this event happen and giving us the opportunity to keep these connections alive!
