

President's Message—Kurt Steidle

Spring Has Sprung!

We have a membership that has different views on Corvette ownership. Some drive their Corvettes year-round, some drive them only when it is warm, dry and clear. Some take their Corvettes to track days and autocrosses, some take them to shows and parades. Some enjoy their Corvettes in a mix of driving and showing opportunities. Count me in the latter group.

Regardless of your preference, spring is here and there are plenty of days to enjoy your Corvette. Of course, there are limitations. Joanie and I decided to visit the Simeone Foundation on Saturday, March 23rd and our limitations were heavily influenced by the weather.

I was drawn to this particular day because they scheduled a Salon event where designers Gordon Buehrig, Raymond Loewy, Harley Earl, Bill Mitchell, Virgil Exner and Dick Teague were discussed. They had five special cars on center display that related to many of the designers: a 1935 Auburn 851 Boat-tail Speedster, a 1937 Cord 812 Supercharged, a 1949 Cadillac Series 62 Sedanette, a 1953 Studebaker Commander Coupe and a 1966 Corvette Stingray convertible with a 427/425 big block. All

were exceptional and to history buffs, all represent milestones.

All were original with some only having minimal restoration. Some of you know I am a big Auburn-Cord-Duesenberg fan. The 851 Speedster is something incredibly special and my all-time favorite. Yes, of course, the '66 Stingray was very nice too.

While the destination would have been appropriate to take the Corvette, the weather made the decision a no-brainer. Philadelphia set a single-day rainfall record with 3.09 inches of rain. We took the Equinox.

As I said, there are limitations but also common sense must prevail. On the way there we encountered a few places that had surface flooding likely due to blocked storm drains. Upon leaving, one street around the Foundation was impassable. Regardless, we enjoyed the day and highly recommend a visit if you have not been there before.

Having said that, get your Corvettes out if you have not moved them over the winter. Stretch their legs. It will be good for the car and for you! (See pics on page 22)

Lifetime Achievement – Mary Anne Lewandowski

Lancaster County Corvette Club Lifetime Achievement Award Questionnaire

Q: When did you join LCCC?

A: Scott and I joined in 1993, shortly after we bought our 1980 Dark Green Metallic Corvette. I still have that car!

Q: How did you learn about the club and how did you join it?

A: I worked with John Zimmerman at New Holland in the late '80s. He and his wife, Dee, were long-time members of the club with their '63 convertible. The first time we met with the club was on the lawn at WGAL TV station when they were taking the photo for the club's 25th anniversary!

Q: What do you enjoy the most about being a member of LCCC?

A: I love the camaraderie. This club has made me feel loved and accepted through the good times and the challenging ones. LCCC is an extension of my family and I treasure and appreciate that beyond words.

Q: Which Corvette is your favorite and why?

A: I like them all, but my favorite would have to be whichever one I'm sitting in at the moment.

Q: Tell us about one time (event or get-together) with the club that has a special place in your memories.

A: That's easy. My favorite club event is the 2023 Caravan to Bowling Green. It was so much fun spending time with the club members who joined Scott and me. We were thrilled that the club trusted us with putting that trip together and leading it. Getting to know each person better, sharing the laughter and good times, while sharing the National Corvette Museum with the group, was wonderful. It was especially important to me that folks got to know Scott better – since he was never the loud one (!) - it took a little longer to get to know what kind of person he was. This trip was a great chance for that to happen. We both had such a good time on that trip. That memory is especially sweet now.

Q: Do you have a favorite 'Corvette memory' and what is it?

A: Scott and I bought our first Corvette in 1988. It was a 1963 convertible...project car. It was in about a million pieces. There were no nuts or bolts left to remove. We had car parts everywhere in the house! My favorite memory, though, was when we realized that it was going to be a LONG time before we would be able to drive our Corvette. We put the seats in the car (just sat them in there), we sat an oscillating fan where the hood should have been and turned it on and sat in the seats – so we could imagine what it would be like to ride down the road and feel the wind blowing through our hair! :-)

If you're wondering, we sold it before it was finished because it was more than we could handle. It was, however, a great learning experience and gave us our first lessons in the Corvette hobby. Those experiences kept us coming back year after year.

Q: Where have you visited with the club, are there any favorites and what was special about those trips?

A: We've been to Ocean City, MD, Natural Bridge/Skyline Drive, Bowling Green, KY and some local venues (like ice cream shops, car shows, and Leisure Lanes). I really enjoy going on trips with the club because it always gives me an opportunity to get to know folks better.

For many years, the club would rent a few lanes at Leisure Lanes on New Years' Eve, and we would bring food and bowl all night, go out for breakfast around 5am, and then go home and sleep! It was a lot of fun.

Q: What is your vision of this club in the future?

A: I'm encouraged to see more young people join the club and get involved. My vision for the future of

Lifetime Achievement – Mary Anne Lewandowski

the club is that this Corvette family includes many different generations of people enjoying many different generations of Corvettes, learning from and supporting one another while supporting our designated charity.

Q: Do you have a message to share with other members?

A: I am humbled and honored to have received the Lifetime Achievement Award this year. It is a privilege to be a part of this club that has become a part of my family. I am proud to be a member of LCCC and to call each of you my friend. Thank you from the bottom of my heart.

Thank you!

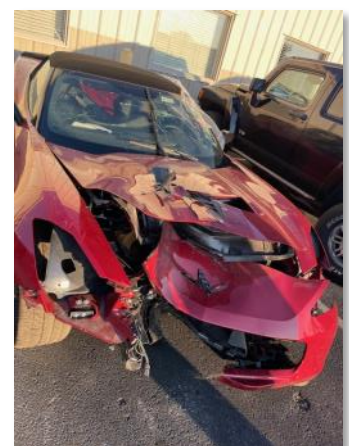

Front Page Feature Corvette— The Yingers

As luck would have it...

We traded a 2000 Corvette in for a 2017 from Whitmoyer Chevy Dealer. This was actually our second pick. The first was one was a low mileage 2015 Corvette 3LT convertible that Whitmoyer ordered in special from Tennessee. The day before we were going to pick it up Whitmoyer called us and said don't bother coming in tomorrow because the car was stolen last night.

They eventually found it in Baltimore with the front end smashed in and hardly any rubber on the rear tires from doing donuts. After a couple more weeks Whitmoyer told us they just got a nice 2017 in as a trade and told us we should come and look at it. I guess it worked out for best because we like the one we have now better.

Thanks to our Sponsors

Here is our "Thanks to our Sponsors" picture for 2023. I would like to thank our President Kurt, for helping me with this picture. I would also like to thank the many members of the Lancaster County Corvette Club for their donations and remind all, there is still time to donate. I am on the right and Gary "Duck" Drake, my Transit Driver is on the left. We will be using my new 2023 Orange Z51 Corvette this year. Joe Yacobenas will be my Transit Driver this year to help with the highway miles.

I am getting ready for this years event in which we will compete in early May. Every year we do a different route, this year we will be leaving from South Bend after the Wet Skid Pad Competition and then head to Hastings Motorsports Park in Nebraska, then on to High Plains Raceway near Denver in Colorado. The next day we will turn back to the east and run at the new Hedge Hollow Road Course in Missouri then off to the NCM Motorsports Park in Bowling Green Kentucky where we will also run an Autocross. We will then head north to Pittsburgh International Race Complex and run the Full Course, later that day we will cross the border into Ohio and do two Drag Strip events. For Friday we will be running at Putnam Park in southern Indiana and then back to South Bend where our last event on Saturday will be the Dry Skid Pad Competition. With the miles to South Bend and back home, the total will be almost 5,000 miles in about 9 days.

Joe Yacobenas will be my Transit Driver, helping with the highway miles, and I will do all the competition driving. Joe is a former member of LCCC and is my Crew Chief to my racing. This will be my 15th One Lap and for the last several years we have raised over Forty eight Thousand dollars for the Pa. Breast Cancer Coalition over the years. Make a donation and you can ride along "vicariously" (with your name on the top of the car) on the trip and help a great cause at the same time. The Pa. Breast Cancer Coalition, represents, supports and serves breast cancer survivors and their families in Pennsylvania through educational programming, legislative advocacy and breast cancer research grants.

To make a donation and get a sticker on the car, stop in at the store or send to Jim Roberts % West Main Auto, 14 W. Main St. Mount Joy, Pa. 17552 along with who to name on the sticker. Make all checks payable to PBCC for short. You can also visit <https://www.pabreastcancer.org/one-lap-of-america/> and donate by using your credit card. Just click on Donate and follow the instructions. I am struggling to reach my fundraising goal this year, so all donations are really appreciated. This is a terrible disease that has touched the lives of many of our friends and loved ones. Thank you for considering a donation.

To help follow the adventure, I still maintain a blog at www.onelapadventure.blogspot.com where you can also find older stories. Or you can "Like" my Facebook page at Jim's One Lap Adventure. Keep watching for more updates.

Thank You!
