Annual Award Banquet Enjoyed by Members

On March 4th, Members gathered for our Annual Awards Banquet at The Timbers in Mount Gretna. Rick and Angie Evans organized a fantastic event with a great meal and entertainment. Congratulations to all award recipients and especially to Joe Schulter for the Lifetime Achievement Award. Everyone had a good time as can be seen in the photographs in this newsletter.

As mentioned last month, we have some great events coming up in the months ahead. Please be sure to sign up at the next General Membership Meeting on April 12th. As you can see in this newsletter, there are flyers available for our three autocrosses, the Corvettes at Stauffers of Kissel Hill show, the American Legends show and the 45th Anniversary Picnic. While on the topic of activities, our shows and autocrosses will need volunteers to help run the events. Please help your club, join in and help.

In addition, Governor Clyde Mooney has made a request for members to take part in the East Re-

gion annual fun show at the Holiday Inn at Grantville on May 20th. It is the only show the East Region has each year. A flyer can be found at the link here: [ernccc-CAR-SHOW-FLYER.-1-51422-2.pdf](#).

Those of us who signed up for the National Corvette Museum run with Scott and Mary Anne Lewandowski are very excited about the trip. Scott and Mary Anne are doing a great job planning the week-long trip to be as fun and enjoyable as possible. We can't wait!

No one should complain about this past winter as this area of the country has really benefitted without the wild weather other parts of the United States has endured. Now that spring is here, if you haven't already had your Corvettes out, get them out and stretch their 'legs'. Remember, *drive 'em if you got 'em!*

One Lap Of America

Here is our "Thanks to our Sponsors" picture for 2022. I would also like to thank the many members of the Lancaster County Corvette Club for their donations and remind all, there is still time to

donate. I am on the right and Gary "Duck" Drake, my Transit Driver is on the left. We will be using my 2008 Blue Z51 Corvette again this year.

I am getting ready for this year's event in which we will compete in early May. Every year we do a different route, this year we will be traveling from South Bend to Grissom Air Force base then to Nelson Ledges in eastern Ohio, then off to Atlanta. After Atlanta, we will head to the Nashville Superspeedway Roval. After two road course events at Nashville, that afternoon we have another long transit to Eagles Canyon Raceway in Texas, after two events there we have a short drive to the Drag Strip for two drag events then that evening we drive to Oklahoma to Hallett Motor Raceway. After Hallett we have another long drive to the National Corvette Museum Racetrack in Bowling Green, Kentucky, and then back to South Bend, Indiana. The event will be about 3400 miles. With the miles to South Bend and back home, the total will be almost 4,800 miles in about 9 days.

Gary "Duck" Drake from Hamilton, Ohio will again be my Transit Driver, helping with the highway miles, and I will do all the competition driving. Duck is a car guy and is a great asset on our adventure. This will be my 14th One Lap and we have raised over Forty Thousand dollars for the Pa. Breast Cancer Coalition over the years. Make a donation and you can ride along "vicariously" (with your name on the top of the car) on the trip and help a great cause at the same time. **The Pa. Breast Cancer Coalition, represents, supports and serves breast cancer survivors and their families in Pennsylvania through educational programming, legislative advocacy and breast cancer research grants.**

To make a donation and get a sticker on the car, stop in at the store or send to Jim Roberts, West Main Auto, 14 W. Main St., Mount Joy, Pa. 17552 along with who to name on the sticker. Make all checks payable to PBCC for short. You can also visit <https://www.pabreastcancer.org/one-lap-of-america/> and donate by using your credit card. Just click on Donate and follow the instructions. I am struggling to reach my fundraising goal this year, so all donations are really appreciated. This is a terrible disease that has touched the lives of many of our friends and loved ones. Thank you for considering a donation.

To help follow the adventure, I still maintain a blog at www.onelapadventure.blogspot.com where you can also find older stories. Or you can "Like" my Facebook page at Jim's One Lap Adventure. Keep watching for more updates.

Thank You!

- Jim Roberts

ings, parades, socials, events, etc. It was noted that Scott and Mary Ann are now National Corvette Museum Ambassadors for the East Region as well as for our club.

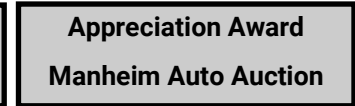

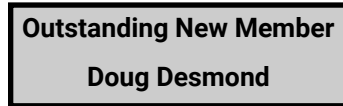

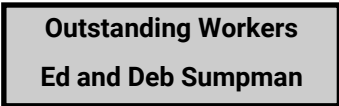

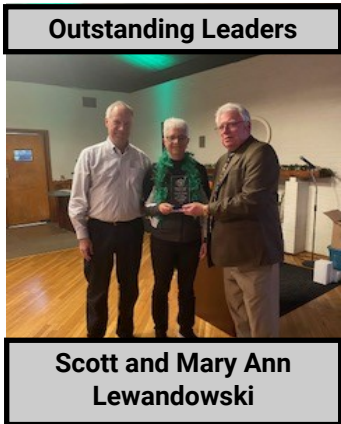

New business: On June 24th Lancaster Airport will have a "Wheels and Wings" show, Clyde suggested it may be something to consider attending.

Kurt spoke on the "Adopt a Highway" article that was in the Lancaster newspaper. While confusing, the bottom line is that this activity is no longer permitted.

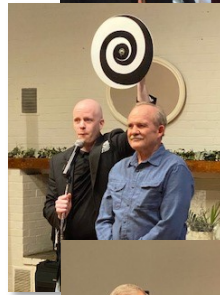

There being no further business, the meeting adjourned at 7:36PM.

Annual Awards Banquet & Dinner Dance

Annual Awards Banquet & Dinner Dance

From Texas...Jeff Murphy

For anyone in our club who is a fan of LCCC's "The Price Is Right" contest, held in conjunction with the Barrett-Jackson Scottsdale Classic Car Auction each January,

have we got an encore treat for you!! Coming in April, the Houston edition of Mecum Auctions will feature the complete liquidation of the Horton Classic Car Museum collection in Nocona, Texas. Nocona is a quaint little town on the old Chisholm Trail about an hour west of our home with a population of just over 3000, previously famous for boots and baseball gloves, and now home to our favorite north Texas craft brewery. As for the museum, your TPIR Garmemeister has toured this amazing compilation of Corvettes and other rare classic vehicles multiple times (pretty much whenever a visitor has come to visit Kelly and me in north Texas) and has been blown-away each and every time! The recent passing of Pete Horton, who amassed this incredible collection with his wife Barbara, is what precipitated this liquidation.

This sale will feature 40 Corvettes, almost all of them C1's, C2's, and C3's (The Horton Museum had at least one of each year from 1953-1973, including FOUR '63 Split Windows – one of them a ZO6!), along with another 77 premium examples of the best vehicles the automotive world had to offer throughout the years. As of this writing the TV schedule has not been set, so be sure to check-out your local listings for times and channels. To get a jump on the action and peruse this amazing collection, visit:

www.hortonclassiccarmuseum.com or [Mecum Houston - Horton Museum Collection](http://MecumHouston-HortonMuseumCollection). Unfortunately, the museum is already closed, so those who were counting on a last-minute sojourn to J&K's Bed and Breakfast in lovely Sherman, TX, you're plumb out of luck. We'll see what else we can find in the area to pique your road trip curiosity...

From Bluebird Café Performance
March 4, 2023

Hot on the heels of her debut performance at the world-famous Bluebird Cafe in Nashville, Tennessee, Ali will be returning to Lancaster in mid-April to make two appearances during the Launch Music Conference and Festival in downtown Lancaster.

Ali will be performing at Plough in the Marriott on Thursday, **April 13th from 10:30-11:00pm**, and at the downtown Isaac's on Saturday, **April 15th from 8:15-8:45pm**. During these shows she will be featuring songs from her debut EP, "A Long Time Coming", along with a few other originals and selected cover songs.

Ali will be making her fifth appearance at Launch, where she first performed in 2015. She always enjoys seeing the friendly faces of LCCC members in the crowd, so put the dates above in your calendars – she would love to see you at one of her shows!

Front Page Feature

My father bought it when he was 19 back in 1967; laughably for \$900!!

It is rocking a Turquoise convertible top to match the interior. It was the only year the Turquoise top was an option.

It still had the matching engine and transmission! It's a 283 with a 4 speed.

The color scheme itself took a while to narrow down as the information for it is very hard to come by since most build sheets were lost by Corvette in the 1985 fire.

According to the research, less than 4% of the 9,670 were made with color scheme. From the paperwork we could track down, this Vette was one of those special color schemes.
