

President's Message—Kurt Steidle

Looking Past, Present and Future

Another successful Raffle Car event is over. Spoiler alert – you didn't win. Gary Stone of Teaticket, MA did however as he matched the Pick 3 evening draw on August 26th of 831. A big thank you to Tony and Lisa DeFelice for co-chairing this year's charity drive. Also, thank you to those members who participated in helping with this project. See the wrap-up detail elsewhere in this newsletter for more details.

We have an especially busy month coming up with a picnic hosted by Mike and Eileen, Steve's trip to Maple Grove, our second autocross, the annual American Legends show and the bookend Perry County show. There will be plenty to do and much help is needed so pitch in and lend a hand.

On the meeting location topic, the last communication I had with East Petersburg was that all is progressing and we should be able to use the fire hall for September. Don't write that in ink as I will check next week to make sure there is no problem. If there is, we will find an alternative.

As we move into September and fall, two annual topics return. One is it's time to renew your membership. Renewals are due in by October 31, 2023 and those turned in after that date will have a \$10.00 late fee. See the 2024 form elsewhere in this newsletter.

The other topic is that of officer nominations. Nominations will be taken at the October and November meetings and voting will occur at the November meeting. Please consider giving of your time to serve your fellow members in one of these positions. A position-by-position description of duties will be published in this newsletter.

Also, please start looking forward to 2024 and see if you would like to chair an event. If it's your first time for either a board position or an event chair, be assured that others will help guide you. We also have a draft on the website that describes how to run the events. Your help and support are needed to keep this club strong and moving forward.

General Meeting and Executive Board Summary

Christmas Angels

Christmas Angels

WOW, do we have a lot to raffle or auction off for Christmas Angels! The lower level of our home is starting to look like an auction house. Plus, I expect to be given approximately a dozen completed theme baskets at the September meeting.

Thank you for all your contributions.

I have a good group of workers to assemble and wrap baskets. The next thing I will need help with would be transporting the baskets to the Junction Center on Friday, September 22. I'm also planning on setting up everything that day. I'll have a sign-up sheet at the next meeting for those who can help with one or both of these tasks. And, of course, plenty of help will be needed the day of the show.

Again, thanks for all your support!

- *Deb Sumpman*

- Carl Lally will be placing his first order for the "dangles" he presented at the May meeting. Dangles are \$5 each. Please hand your orders in – he needs a minimum of 2 per chosen dangle to place an order.

There being no further business or comments – Jan Gerhart motioned for adjournment, seconded by Jim Al Kline. Meeting ended at 8:10 PM.

Matchbox Corvettes

Mary Ann Lewandowski is continuing to collect Matchbox Corvettes for the Museum. For those who are not familiar, the Museum wants to send every kid home with a Corvette. We can continue to support this effort by picking up Corvettes when you see them at the store and giving them to Mary Ann to donate to the Museum.

Let's do what we can to support the future Corvette owners!

2023 Raffle Car—And the Winner is...

Another Great Year!

As you know by now, our winners are Gary and Judith Stone from Teaticket, Mass. Upon hearing the news, they were speechless and had a hard time believing they won. They told me they never win anything and had to pinch themselves to make sure this was real. They purchased their ticket on Thursday of the Corvettes at Carlisle show. They were on their way back home to Mass. when they learned the good news. They actually looked up the number and knew they won before we were able to get ahold of them. Unfortunately like so many, the phone number was not readable and Jim Roberts, as the seller of the winning ticket, had to try a few different numbers. The first person Jim reached was gracious and offered to take the car if we couldn't find the right couple!! Fortunately it all turned out well and the new owners are beyond thrilled. They currently own a 1968 Corvette.

We are so fortunate to have such an active club. So many of you helped to make this happen. Here are the top sellers who sold 10 or more tickets. As you know, so much more than selling goes into this. From the envelope stuffing, handing out flyers, sell-

Seller	Number Sold
Clyde Mooney	256
Jim Roberts	99
Jeff Murphy	76
Joan Steidle	62
Don Nissley	40

ing tickets, collecting mail, promoting it to friends, family, and co-workers, purchasing tickets, and so much more. This is truly a total club event. This year, we had 50 club members sell tickets. That's almost half the club!!

So many thanks to everyone who helped!!

Here are the results from our selling events:

Sales Type	Tickets Sold
Individual Sales	582
Corvettes at Carlisle Thursday	284
GM Nationals Saturday	45
Clare House	40
Corvettes at Carlisle Friday	32
GM Nationals Friday	9
Whitmoyer	8
Grand Total	1000

Our charities are truly the winners here. We will be able to donate all the proceeds to the Chip Miller Amyloidosis Foundation and the Clare House. These are huge sums of money that go a long way to helping these very worthy recipients.

Later this year, we will again vote on whether to continue to donate to these two charities and whether we want to continue with this event. If we do, we already have a commitment from Carlisle Events to get the car!

My Next Perfect Car

It was in the summer of '15 that I began my search for my next (perfect) car. By the time that 2015 had rolled around I had been working on my 1968 MGB for 10 years and was tired of lots of work and little play.

It was time for something new! My daily driver was a 2001 Pontiac Firebird (base model). It was a 6-cylinder automatic that ran well, but I wanted more, so my search began.

The first stop in my search took me to Windsor, NY, (a small town close to Binghamton) to drive a Porche Boxter that my brother's friend had for sale. While it was a nice car, it wasn't what I was looking for. I next visited a local car dealer to drive a Honda S2000. It was a great car (how can anyone go wrong with a Honda?), but not the right one. I considered a BMW M3, Ford Mustang and Chevy Camaro. None of them fit the bill. That brought my search to Corvette. Of course, Corvette! I owned a 1972 Stingray with a 454 and loved that car.

Since I was planning on making this next car my daily driver, I needed something dependable. As much as I loved my '72 Stingray, another '72 would be almost 50 years old and not very dependable, so my search went on. I looked at a late C3 and couldn't get behind the idea of buying a car, like a Corvette, with a speedometer that peaked at 85 MPH! I moved on to looking at C4s but didn't care for this model until the end of the production run, so on to the C5.

I was not familiar with this body style, but it was love at first sight. I knew this was the model to buy. While cars come in many colors, maroon is my favorite color. I began searching for maroon C5s. While there is a maroon color every year, it was the 2003, 50th Anniversary Red Corvette that I wanted to buy.

Only 30,000 to 35,000 Corvettes are produced annually. For 2003, all Corvettes were 50th anniversary models. About 11,000 Corvettes were produced in the special color of Anniversary Red. About 7,000 were convertibles and 4,000 were coupes, which is what I wanted. I knew that finding the right car would be a challenge. I soon came across another challenge. I wanted a 6-speed manual transmission. The factory set up was an automatic transmission. Stick shift was an upgrade with only about 30% of the total production run being built with a manual transmission. That meant that only about 1,200 Corvettes were built the way that I wanted my car. How many were left was a mystery.

I searched online with little results. I also looked locally at former club member Lee Jackson's inventory, but he did not have what I was looking for. A car would pop up in Texas, or California or some other western state, but I decided to wait for a local car to appear. I knew (hoped) that one would show up one day.

Then, on a Thursday in early January 2016, one appeared outside Philadelphia. I called the dealer and confirmed that the car was available, but there were two other buyers that were interested in the car. With one, they could not agree on price. The other liked the car, his wife told him to "buy it", but he wanted to sleep on

Front Page Feature Corvette— Dan Bailey

it. I told the dealer that I could not get there until Saturday afternoon because of another commitment. By then the car would probably be sold, so I figured I would need to keep looking.

I called back on Monday, and the car was still available! On Tuesday afternoon, Diane and I headed to Philadelphia. As we drove there (remember it's January) it began to snow. We arrived at the dealer in the late afternoon, and he had pulled the car in out of the snow. He started the car up and gave me a brief tour and left so that Diane and I could discuss it. I asked her what she thought, and she said, "buy it"!

No further discussion was needed. We went to the office and completed the paperwork, and I gave him a check, and he sold it to me for the price that the other buyer (about \$1,000 less than advertised) had offered but never came back. I had not driven the car yet because it was snowing even more. The dealer said that he would deliver the car to me by the end of the week.

We left with the pink buyer's order and went up the road to the local notary to complete the titling paperwork, pay the taxes and fees and left. We went home with a pink piece of paper and a piece of aluminum with 7 digits on it, the proud owners of a car that we didn't drive and weren't driving home.

As we headed home the snow fall rate increased. Looking back, I am not sure that I could have gotten the car home, under those weather conditions, in one piece.

The next day (Wednesday) the dealer called to tell me that he could not deliver the car on Saturday and would I like it on Thursday. I said sure! It came the next day in an enclosed trailer and not a snowflake on her!

This has been the best car that I have ever owned, and I still enjoy driving it now as much as I did the first day that I took her for a drive.

And the icing on the cake is the many friends that I have made at the Lancaster County Corvette Club. Thanks for making me feel welcome!

Election of Club Officers

November 8th will be here sooner than you think - time to elect the officers to guide the club through 2024.

Nominations will open at the October 11th meeting, so now is the time to start thinking about it. Have someone you think would be good in a position? Talk to them, encourage them to think about it. Have an interest yourself? Find out what is involved.

Take note that the by-laws list a position for Lieutenant Governor but we have not had that position filled. It has been added in the summary that follows and we intent to have a member take that position this year.

Elected Officers include:

PRESIDENT - Oversees the operation of the club and presides at meetings.

VICE- PRESIDENT - Renders assistance to President and stands in for President as needed. The VP also organizes the Christmas Party and Awards Banquet.

SECRETARY – Keeps the minutes for general and e-board meetings.

TREASURER – Collects and deposits money, writes checks, keeps financial record of club activities.

NEWSLETTER – Composes and distributes a newsletter monthly to the membership.

MEMBERSHIP - Handles new applications, updates roster, welcomes new members.

GOVERNOR – Be the official representative of the LCCC to NCCC – attend regional meetings. Complete sanctioned event reports.

This is just a quick synopsis of duties. Contact the current or past officers if you have questions.

Before you nominate someone - please be sure they would be willing to accept running for the position.

New blood brings fresh ideas, so please consider running for one of these positions. The Club needs good leadership! Are you willing to step up?

2023 Activities—Wrestling at Clipper Stadium

Hi Ken,

Thank you so much for working with us on this past Saturday night's Three Legacies Wrestling show at Clipper Magazine Stadium. It was a success for being a first time event there. We welcomed over 2200 fans. We're already making plans for an even bigger show next year.

The Corvettes were beautiful and the drivers/owners were incredibly gracious. We really appreciate them taking the time to come do this.

I pulled a social media post from a fan that shows one of the cars and the comments she made about having the cars drive the wrestlers to the ring. I have attached a screenshot.

Again, thank you very much!

Ps...I mailed a donation check last week.

Dangles—Carl Lally

Dangle - A Dangle is an item which hangs from a club member's nametag to commemorate a special achievement, notable accomplishment, and/or support for our club's activities. Each Dangle symbolizes a goal achieved or an experience shared. They are great conversation starters, as club members who've "been there and done that" compare notes. In short, this is another way to add a little more fun to our club events. Who doesn't like chatting with others about accomplishments?!
