

President's Message—Kurt Steidle

2024 Activities Have Something for Everyone!

The Activities Committee has met and they have a considerable number of things planned for the year. Look elsewhere in this newsletter to see the full list. Along with our previously announced club shows (Corvettes at Stauffer's and American Legends) and four autocrosses, there are cruises with tours, picnics, ice cream runs, shows at multiple Lancaster venues, a rallye and the club shows we all enjoy from our friends in Perry and York Counties. On top of that, there will be parades coming as well. Those dates will be added as the club becomes aware of each event.

The bottom line is that if you can't find something to participate in, I'm not sure what else there is to do for you. If you have a chance to speak with other clubs, you will hear their amazement at what our club offers. I seriously doubt there are many clubs

that offer more options in our geographical area.

It takes some effort to step up and chair an event or host a get-together and I thank those members who are willing to help the club. Take this opportunity to join in and enjoy all this club offers.

By the time this article is published, we will have had our Annual Awards Banquet. This event is the club's chance to recognize members who have given themselves, especially the Lifetime Achievement Award winner. Regardless of those who are receiving some recognition, I am taking this moment to recognize and thank everyone in the club who has volunteered to help during the past year.

We have a wonderful club filled with wonderful people, enjoy! Spring is just three weeks away! Stay safe and healthy!

- Kurt Steidle

Celebrating 10 Years Of Progress Since The Infamous Sinkhole; “Ground To Sky: The Sinkhole Reimagined” To Open On Friday, June 14, 2024

BOWLING GREEN, KY, February 12, 2024 – On February 12, 2014, at 5:38 AM, the National Corvette Museum suffered a cave-in that claimed eight cars from the museum’s multimillion dollar collection and caused an international sensation. The video and images captured by museum security cameras went viral, circulating around the globe. Viewers were left stunned at the loss of such rare and remarkable treasures, and all eyes were on the National Corvette Museum’s response and recovery.

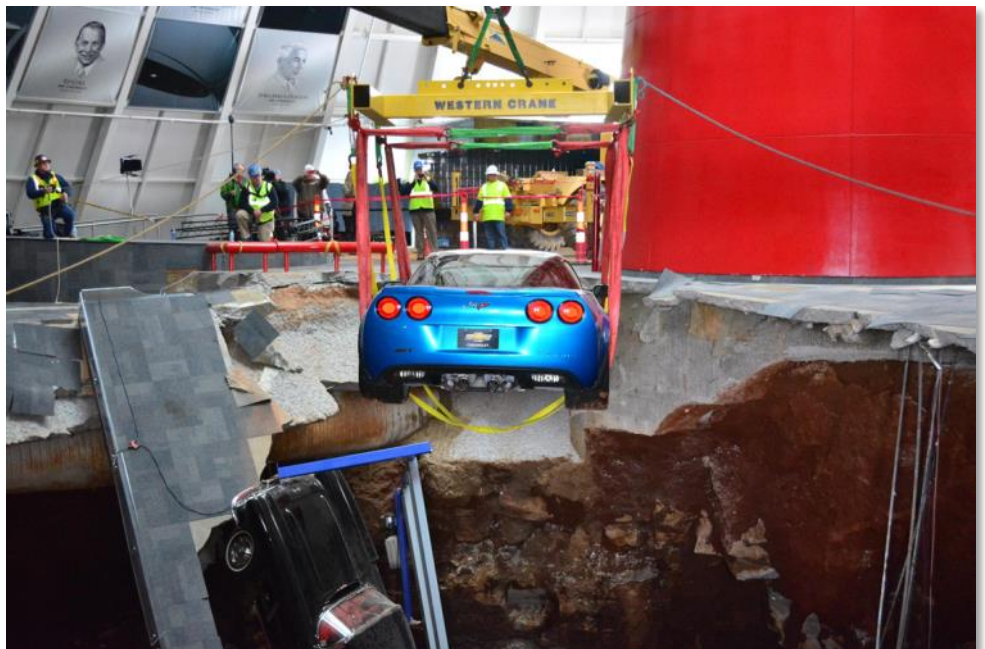

Today, on the tenth anniversary of the world-famous sinkhole, the National Corvette Museum is celebrating incredible change and growth in the decade since, revealing details on its upcoming exhibit “Ground to Sky: The Sinkhole Reimagined.” The exhibit will open to the public on Friday, June 14, 2024, and will run through September 15, 2024. It will document the moments, memories, and machines that made history that fateful day, while focusing on the accomplishments of countless Museum staff and supporters who built back and reimagined a National Corvette Museum that continues to evolve.

“The National Corvette Museum captured the attention of the world a decade ago, and we’ve spent the last decade turning misfortunes into hard-fought and well-earned triumphs,” said Kaye Wagner, National Corvette Museum Board Chair. “With over 15 major exhibitions, tens of millions of dollars in renovations and improvements, the creation of a STEAM-focused education gallery, the addition of a world-class Motorsports Park to our campus, and countless other advances in the last ten years, the National Corvette Museum is proud of our journey. Thanks to our amazing team and supporters, we have survived a sinkhole. Not only have we endured, but we are thriving.”

According to Wagner, “Like all museums, the National Corvette Museum rotates artifacts on and off exhibit to rest them and bring in fresh material for our visitors. Those who wish to see the sinkhole artifacts should make definitive plans to visit during the run of “Ground to Sky.” Once the exhibit closes, these artifacts will be rotated back into the collection for rest from public view.”

The exhibit will feature two Corvettes that were recovered from the sinkhole and fully restored, a 2009 “Blue Devil” ZR1 and the 1 Millionth Corvette (a white ‘92 model). It will also include other cars that remain damaged from the incident and dramatic multimedia that illustrate a look back at the National Corvette Museum’s remarkable history, and a vision of where the Museum is heading.

Motorcycle to Corvette

This is our story. Ruth & I started out with our hobby riding motorcycles with a pair of mopeds. As years went by, we went larger and larger with the size of the motorcycles, as people with boats and campers would do. We joined the Christian Motorcycle Association (CMA) in the early 80's. Our longest trip that we took was a 5-week, 9,200 mile, national parks tour to the west coast.

Every summer we vacationed on the motorcycle with usually over 10,000 miles per summer season. We rode motorcycle for 26 years. As years went by, Ruth's back did not allow us to continue to take long trips on the cycle. We decided we needed to make a change like a Corvette or a Street Rod. As fate would have it, I met a man that told me he would like to get a touring motorcycle. As our conversation went on, he told me he has a 1992 black C4 convertible with a six speed manual and a Pro-charger.

I drove the car and was impressed. It ended up we traded motorcycle for Corvette. That was in January 2008. The following spring we joined LCCC with many wonderful memories with the club so far.

I am positive that we will stay with the club until we can no longer get out of the Corvette. Happy motoring! Blessing to all.

Semitruck Full of Corvettes Fails as Getaway Vehicle

19 February 2024

As far as getaway cars are concerned, Chevrolet's mid-engined C8 Corvette would probably acquit itself well. [The raw American power from the LT2 V-8](#) and that agile chassis would certainly give you a decent chance of outrunning Five-Oh, if such a crisis presented itself. (Let's get this out of the way: Don't run away from the police.) However, if your getaway Vette happens to be chained to a 53-foot car hauler ... along with nine other C8s ... all still wrapped in delivery packaging ... well, that would complicate things a bit.

According to a [Facebook post from the Cochise County Sheriff's Office](#), Twenty-three-year-old Isai ah Walker of Lawton, Oklahoma, was arrested on Thursday for multiple felony charges after he stole a semitruck and car hauler trailer laden with ten [C8 Corvettes](#). Walker encountered the truck and trailer on Thursday at a Love's Truck Stop along Interstate 10 in Wilcox, Arizona, just east of Tucson.
