## Thanksgiving – Giving Thanks and Asking to Give

On October 11th, several LCCC members gathered in Ephrata prior to the monthly General Membership Meeting. The purpose of this gathering was to do a drive-by tribute for club founder, Dr. Nick Dragann. As you have hopefully read in various communications, we discovered that Nick and Kathy Dragann are living in the same community that Joanie and I live in. Thanks to new member Jeanne Colucci (also our neighbor), she discovered this at a community Bible class.

The turnout was very good with 20 Corvettes showing up. I worked with Kathy to make this a surprise for Nick and it went off well. Please see photos and the Dragann's note elsewhere in this newsletter.

Again, my thanks to those members who went out of their way to drive to Ephrata before heading over to East Petersburg for the meeting. If you were there, you could tell how pleased he was.

Now to switch gears...at October's meeting, a clear reminder that at those meetings, we end up addressing basically the same group of people month in and month out. There may be some other members who show up occasionally but far too many do not.

When it comes to the annual beg for members to step up and help on the Executive Board, outside of this posting in our newsletter, we end up preaching to the same group of people. I realize that within that group of regular members in attendance, there are folks who are past Board members and others who have chaired events. Some of you have helped more than others but at least there was some help. Regardless, thank you for your help!

To the rest of you I ask, where are you? Where are our newer and younger members? I hate to be Mr. Obvious but folks, you are the future of this club. Where are the members who sporadically show up?

Some years ago, 2017 to be exact, the club conducted a telephone survey of the membership to determine what could be changed, improved upon or what was going well within the club. The results were surprisingly positive. The standouts issue was the banquet – which we addressed, plus a few comments that we addressed in subsequent meetings. I don't expect that we will do this again simply because I personally doubt the feedback would be substantially different.

## **Executive Board Meeting—October 25, 2023**

The Executive Board Meeting of the Lancaster County Corvette Club was held on October 25, 2023 at the Baker's. The meeting minutes will be posted on the LCCC Website.

# President's Message—continued

So, what is the answer? How do we get those of you who don't get involved much to come out and participate and give of yourselves to help on the Executive Board or at least, help with chairing events?

In October, we have a partially filled slate of candidates for the board. There have been some discussions as to who may fill the open spots. We also have some volunteers to chair events. The club still needs more members to step up – we need people who are 'forward looking' for the following year. If you don't volunteer this year, use this year to ask current board members what it's like and plan to shadow them and learn. That way, when September 2024 comes around, it shouldn't be difficult to accept a role.

Please reread Dr. Dragann's message. Go ahead, I'll wait. He was clearly proud of what the club has become. There are a lot of people in the past 45 years to thank for that. We have fun. We do good work for the community. We enjoy each other's company. Let's keep it up!

- **Kurt Steidle**

# Election of Club Officers Activity Chairpersons

November 8th will be here sooner than you think - time to elect the officers to guide the club through 2024.

Have someone you think would be good in a position? Talk to them, encourage them to think about it. Have an interest yourself? Find out what is involved.

## Elected Officers include:

**PRESIDENT** - Oversees the operation of the club and presides at meetings.

**VICE- PRESIDENT** - Renders assistance to President and stands in for President as needed. The VP will also take on expanded duties to assist with activities and communications.

**SECRETARY** – Keeps the minutes for general and e-board meetings.

**TREASURER** – Collects and deposits money, writes checks, keeps financial record of club activities.

**NEWSLETTER** – Composes and distributes a newsletter monthly to the membership.

**MEMBERSHIP** - Handles new applications, updates roster, welcomes new members.

**GOVERNOR** – Be the official representative of the LCCC to NCCC – attend regional meetings. Complete sanctioned event reports.

This is just a quick synopsis of duties. Contact the current or past officers if you have questions.

**Before you nominate someone - please be sure they would be willing to accept running for the position.**

New blood brings fresh ideas, so please consider running for one of these positions.

Once again we will begin recruiting members to step up and help the club by chairing various activities for the coming year.

Each year we need to plan ahead for the coming year and next year is no different.

Please consider volunteering to lead in one or many events or activities. New members are welcome to step up as past chairs will be ready to help you get started.

## **2024 Event & Activity Chairs Are Needed For:**

- Raffle Car Ticketmeister(s)
- Corvettes at Stauffers Show in June
- Auto Cross Events
- American Legends in September/October (planning needs to begin in January).
- Christmas Angels
- Cruise/Activity Leaders

**Step up and help the club by chairing one of the many 2024 events and activities. We cannot continue to be an active club without greater participation.**

## It Spoke to Me...

I never really was much of a car buff before. Cars were just a mode of transportation to get from point A to point B. Until the day my husband, Rick, took me to the dealership where the car that he was thinking about replacing for the red C6 that he recently wrecked while racing at the UMI Motorsports Park in Clearfield, PA, was currently being featured.

There she was in all her glory, on top of the mound in front of the Chevrolet dealership for all the world to see! Let me tell 'ya, I gasped as we drove up close to it—I was in love! Now don't get me wrong, I think overall, Corvettes are one of the nicest cars on the market, but this one spoke to me!

She is a 2017 Artic White Stingray Coupe with a carbon fiber roof and hood with a grey interior and a LT1, 6.2L V8 engine.

As an automatic, she was a dream to drive! I asked Rick why he was considering buying an

automatic since all the other 'vettes he'd owned were manual. He answered me with "so you can drive it and feel comfortable behind the wheel". You gotta love a man like that!

So, after much price negotiation with the car salesman, Rick bought it for me for my birthday!

I heard somewhere that if you catch yourself glancing back at your car as you're walking away, you know you've bought the right car. It's been a year since Rick bought the car for me, and I still give the occasional glance back after climbing out from behind the wheel! We have enjoyed cruising around in her to the many club activities we've participated in and look forward to many more!

I took it for a spin the other day and as I walked away after kissing my husband goodbye, I glanced back at him—hmm, I must have picked the right guy too! Life is good!

# Thank you!

Dear LCCC Friends,

I cannot begin to thank you enough for the outpouring of kind thoughts and prayers I have received these past weeks since my fall. It has been unbelievable! I have received so many cards, emails, texts, phone calls, visits, flowers, and food from LCCC members.

I am healing slowly. I have less pain and my mobility strengthens each day. I am trying to be a good patient; but being a nurse, that is easier said than done - just ask Jan! I so appreciate everyone's well wishes and prayers. Hoping to see all of you at the November meeting.

Warm wishes to all,

**- Susan Gerhart**

Kurt,

Thank you for the surprise rally and car show on Wed evening. I could never have imagined this could happen. I will never forget this show of kindness and effort on the part of so many club members. I think that you all have a group of members to be proud of.

Gale Garman and myself would both be proud of the current club performance we never could have imagined this from a small ad looking for interested Corvette owners back in 1978. You all have something to be proud of. Keep it up! Gale and I may have started the wheels rolling but the current club comes from all your current efforts.

God bless you all. Please share our thanks with those who were present Wed night.

# Dangles—Carl Lally

**Dangle** - A Dangle is an item which hangs from a club member's nametag to commemorate a special achievement, notable accomplishment, and/or support for our club's activities. Each Dangle symbolizes a goal achieved or an experience shared. They are great conversation starters, as club members who've "been there and done that" compare notes. In short, this is another way to add a little more fun to our club events. Who doesn't like chatting with others about accomplishments?!
