

# The ENCORVETTE Review

Lancaster County Corvette Club Volume 45, Issue 5 May 2023

## President's Message—Kurt Steidle

### Sign Up and Participate!

At April's General Membership Meeting, close to a dozen clipboards were circulated for members to sign-up to join in a variety of club activities. Suffice it to say, we are off and running!

If you couldn't attend the April meeting, you missed a night where we had a big turn out so there was a lot of interaction among members – that was great to see. You also missed the first round of the clipboards. Of course, the May meeting will offer another opportunity to join in the fun so please attend and get involved.

There are three other topics discussed in April and these also need your attention. First, our Corvettes at Staffers of Kissel Hill show is coming fast. Ken Unger is chairing this event again this year. He reported that pre-registrations are slow coming in. The pre-registration deadline is June 10<sup>th</sup>. That's only about six weeks out so please get your registration to Ken and participate! He will also need members to help at the show so look for that sign-up sheet in May.

Second, 2023 is the club's 45<sup>th</sup> anniversary. The club traditionally celebrates this with a picnic every five years. Joanie and I are chairing the

event as we did in 2018. We are again planning a day of food and fun. We are returning to the Lancaster Liederkrantz on Saturday, July 15<sup>th</sup> to use their facility and food will be catered by Harvey's Bar-B-Q of Mount Joy. There will be pictures taken with your Corvette, a group photo and trivia will return. Like Corvettes at Stauffers, sign-ups are slow coming in. Please join in the fun. The deadline to sign-up is June 24<sup>th</sup>. That date is important as we need to advise Harvey's how many people they need to prepare food for. Look for the picnic flyer in the newsletter.

Lastly, Newsletter Editor Tony DeFelice has started a nice feature. He is looking for members to supply photos of their Corvette and a little background about their car. He is using the photos in the newsletter front page title and then as an accompanying short feature about the car. I believe this a great way to show your pride and show off our members Corvettes!

Enjoy the warm spring and get out there!

- Kurt Steidle

# Carlisle Events

## Corvette Excitement Come to the Carlisle GM Nationals in June

### Honor the legacy of Chip Miller with Corvettes for Chip and so much more.

Don't miss the Carlisle GM Nationals June 23-24 at the Carlisle PA Fairgrounds. This is the most diverse all-GM car show of its type and it's all happening at the Carlisle PA Fairgrounds. The two-day event offers parts shopping within the automotive flea market, track time with the Real Street Shootout, Nitrofest with Bruce Larson, seminars, and special displays. Speaking of displays, the GM Nationals will spotlight 3rd and 4th gen Camaros and Firebirds, 40 years of the Fiero, 50 years of the Buick Regal, 120+ years of the Buick Motor Company, a focused Nova display, the popular solid lifter display, and the Malaise Era too. There are multiple ways to win an award, including professional judging or by way of on-site competitions.

Best of all, **for you Corvette lovers**, you can support the Chip Miller Amyloidosis Foundation by way of Corvettes For Chip, a show within a show. This dedicated Corvette-only Fun Field is hosted by the York County Corvette Club and offers raffles, 50/50 drawings, tasty baked goods, and more. In addition, when you pre-register for Corvettes For Chip, you'll get a VIP tour of the Miller family garage, including select Corvettes that belong to Chip himself. Most important, dollars from your participation support the Chip Miller Amyloidosis Foundations AND you get two events for the price of one: Corvettes For Chip and the Carlisle GM Nationals.

Don't forget, even more Corvette fun comes in August too. The Annual showcase of America's Sports Car, Corvettes at Carlisle, is August 24-26. Learn more about the Carlisle GM Nationals and Corvettes at Carlisle online at [www.CarlisleEvents.com](http://www.CarlisleEvents.com) or call 717-243-7855. Attend as a vendor, attend as a show car owner, attend as a car club, or simply attend as a spectator. In fact, there are discounts available now on many forms of event access. However you choose to attend, it's a guarantee that the GM and Corvette themed fun will be off the charts this summer!

## New Member Profile—Paul Marler and Kim Pearson

I was born in Chester County in Downingtown PA, on the Downingtown West Chester border. I believe in old fashion

values like holding the door for the ladies and opening the car door as well. My trade is a System Administrator, I support LCWC911 – Lancaster County 911. Located in Manheim, Pennsylvania, we support the 911 call center call takers, office personnel and the complete network and systems that make calls for Fire, EMS, and Police Work.

I like charity events and car shows, especially if there is a good cause the proceeds will go to. I'd say an animal rescue is one of Kimberly and mine favorite things to do; she loves dogs!

I have always been around cars and car culture from a young boy. My father got me started by holding the flashlight in my youth and have progressed to full-on car builds.

I love cars and talking to the owners about them; how they got it and things they have done to it.

My roots have always been with Chevrolet, mainly the Corvette. Currently we own a 2003 C5 50<sup>th</sup> anniversary convertible. I bought this as a Christmas gift for Kimberly and drove out to Butler, PA to get it. I traded our C4 40<sup>th</sup> anniversary car to purchase this one. The color really was an attraction as it seems to dance in the sun and she really loved it.

I am very excited to be a member of Lancaster County Corvette Club and look forward to going to events and making new friends. Thank you all for allowing us to join. The welcome of last meeting was really nice and I knew this was a great group!

- **Paul S. Marler**

## Christmas Angels—Deb Sumpman

It's never too early to think about Christmas; Christmas Angels that is. For those new to the club, Christmas Angels is the silent auction and raffle ticket portion of our American Legends Show. The money raised from this event goes toward purchasing Christmas gifts and needed supplies for families living at Clare House.

Items such as seasonal decorations, car or sports collectibles, home décor, books, gardening tools, cookware, puzzles, gift certificates, etc. have great appeal.

Small to medium sized items can be put together in a theme basket. Larger items, such as wall hangings and pictures, can stand by them-

selves. Just remember whatever you donate needs to be in new to very good condition.

Start thinking about what you can contribute. Were you given something as a gift that you really don't need or won't use, but someone else may really want? If you are thinking, "I don't really have anything," then you may want to purchase things to make up a "theme basket". You don't even need to put your items in a basket, we have baskets. Your theme may lend itself to a container other than a basket, such as a collection of hand tools for gardening would be nice in a pot. Get your creative juices flowing. **Start thinking about, looking for, and gathering your contributions.**

# New to VCR

Relatively new to the Lancaster County Corvette Club, I read with interest the information concerning the East Region-supported NCCC Convention in Atlantic City. While I don't really consider our Corvette to be sincerely show car worthy, I noticed a line in the brochure that mentioned something about a VCR event. A what? A video cassette recorder event? That's seemed ridiculous. So, at the next LCCC general meeting, I casually pulled Clyde to the side and asked him what a VCR event was. In his semi-southern twang, he told me it was a **Valve Cover Race**. Then he added, "Sharon Roberts has a VCR and I believe won a few races." That said, I set my sights on Sharon! When I asked Sharon, she casually noted that she did, in fact, have a VCR. Now, I need to know more.

During a meeting at the Roberts' house, Sharon took the liberty of showing me her VCR. At the time, it didn't have any wheels on it and was missing it's most prominent feature. But, I had seen pictures of it previously, so I was aware of its completed state. Nonetheless, I had done my homework and knew that wheels were an extremely important component of the VCR. I quietly wondered if Sharon had deliberately removed the wheels before showing it to me. I was slightly stunned about how heavy it was. I admit however, I thought if Sharon can do it, so could I. Jim even told me, "She did it all herself."

I read the VCR event requirements over and over, then put a plan in place. I placed a notice on FB, looking for valve cover donations. As quickly as I posted it, I received a message from a former classmate who lived in Bradenton, FL. A few days later, I had my covers; thus, the work began. Strip the covers, prime, paint, and decal. Order rear wing, skateboard axles, and get with brother-in-law (a machinist) to discuss wheels. I should mention that the B-I-L is also a former winner of Pine Wood Derby events.

During the process of creating my VCR, I admit that I intentionally mislead club members as to what my final product looked like. I even brought a fake VCR to a meeting. This was so Sharon didn't see my wheels. Of course later, I show Sharon a picture of my actual VCR, minus the real wheels I was going to use. Proud of my former military services, I really ramped up the fact that my VCR was marketing

the U.S. Army. I was super impressed with design and the overall VCR. Sharon commented that it was nice looking, then added . . . it would be a shame if ET beat it. OMG, she just sucked the life out of me. She was 100% correct. After bragging it up on FB, if my Army buds learned I lost to ET, they'd never let me live it down.

Thankfully, Sharon and I didn't fall in the same bracket so we never actually raced each other, and I'm glad, because I'm pretty sure she would've won. In fact, she went on to win a trophy, and I did not. Still, I learned a lot. First, alignment is extremely important. Second, this wasn't a Pine Wood Derby event, it was a *Valve Cover Racer* event . . . they're not the same, so wheels aren't the same.

The individual who won the overall event was a young lad who's father knew about VCR wheels. He used computer hard drive spindles and platters. Because their constant movement, their bearings make for incredible axles and wheels.

I have a friend from North Carolina who has sent me about 100 computer hard drives.

I'm confident you can guess what I'm doing in the garage now.

# National Corvette Museum News

## The National Corvette Museums Announces 2023 Corvette Hall of Fame Members Elect

Earlier today, the Corvette Hall of Fame announced its 2023 member-elect. These members-elect will be formally inducted into the Corvette Hall of Fame in a ceremony on Saturday, September 2, 2023.

The Corvette Hall of Fame was founded by the National Corvette Museum in 1998, making this the museum's 25th anniversary. The Corvette Hall of Fame was established to confer official recognition upon the most influential individuals in the history of the Corvette and honor their achievements. Nominees for the Corvette Hall of Fame are selected by an anonymous panel of Corvette experts and then voted upon by a separate group of 100 anonymous Corvette experts. Since its inception in 1998, the Corvette Hall of Fame has inducted only 79 people.

Each year, a leader is inducted into the Corvette Hall of Fame from one of three categories: GM-Chevrolet, Racing and Enthusiast. The 2023 members-elect are:

### **Enthusiast – John Amgwert, Founding Member of National Corvette Restorers Society.**

In 1974, John Amgwert became one of the founders of the National Corvette Restorers Society. Amgwert's passion for Corvette translated into a 25-year stint as the editor-in-chief of The Corvette Restorer magazine – a go-to resource for Corvette history. Amgwert's efforts with the NCRS to form a technical library ultimately resulted in what would become the National Corvette Museum. Amgwert's passion for and commitment to seeking out the truth about key cars in Corvette history continues to this day.

### **Racing – Dan Binks, Retired Crew Chief of Corvette Racing.**

Dan Binks is a racing crew chief, fabricator, and do-it-all competitor. For nearly two decades starting in 2002, Binks was a vital member of the Corvette racing team. During his tenure, the Corvette squad scored over 100 race victories, including six class wins at the 24 Hours of Le Mans, three at the 24 Hours of Daytona and 11 at the 12 Hours of Sebring. While Binks retired from the Corvette team in 2020, he did not slow down. In his Brighton, Michigan shop, he prepares the cars he once raced professionally for vintage events, restores race cars, and builds engines.

### **GM-Chevrolet – David Wickman, Retired GM Vehicle Performance Manager of Milford Proving Grounds.**

Born in Detroit, Michigan, David Wickman grew up dreaming of being an engineer for GM someday, and on January 5, 1978, his dream came true. His skill, work ethic, and dedication led to Wickman being assigned to work as the Test Engineer for the launch of the C4 Corvette. Wickman would go on to manage Corvette development activities at the Milford Proving Grounds as the Lead Development Engineer for the C5 Z06, C6, and C7 platforms.

In that role, Wickman was responsible for overseeing total vehicle development integration and validation from prototype through production.

Corvette Hall of Fame inductees have distinguished themselves not only through their accomplishments but also by their high standards of integrity and character that reflect and enhance the reputation of the Corvette and the National Corvette Museum.

"Each of this year's members-elect have left an indelible mark on the history of the Corvette," said Sharon Brawner, President and CEO of the National Corvette Museum. "These gentlemen have spent their lives dedicated to Corvette excellence, and we could not be more grateful for their commitment to America's Sports Car. Their individual passions have contributed to both the legacy and the future of the Corvette."

Those interested in attending the induction ceremony of the Corvette Hall of Fame can purchase tickets in June when registration opens for the museum's anniversary event. Learn more at [corvettehalloffame.org](http://corvettehalloffame.org).
