# The EnCorvette Review

Lancaster County Corvette Club

Volume 48, Issue 1

## President's Message Mary Ann Lewandowski

Dear Friends,

As we approach another exciting year together, I want to take a moment to reflect on the achievements, camaraderie, and shared passion that make our club special. From car shows, memorable road trips, ice cream cruises, and much more, to our dedication to charitable causes, it's been a year filled with fantastic memories.

Our events continue to grow in participation and enthusiasm, and it's all thanks to the commitment and energy of each member. Whether you're a longtime enthusiast or new to the club, your involvement strengthens our sense of community and fuels our continued success. I'm inspired by the friendships forged and the stories shared at every gathering.

As we jump into January, we have our 20th Annual "Barrett-Jackson The Price Is Right" event emceed once again by Jeff Murphy! It is a time of fun, banter, laughs and plenty of "oopsies" for all to see. It is a great time of fellowship and good-natured heckling – capped off with the final evening at the Baker's home to find out who this year's luckiest guesser is!

Join Lisa DeFelice and Deb Sumpman, our new Activities chairs, on Sunday, January 25 to help plan our 2026 event calendar. We welcome your ideas for new destinations, competitions, and ways to showcase our Corvettes. Get involved and shape our club's future by volunteering and sharing suggestions.

Thank you for your ongoing passion and support. Together, we make the Lancaster County Corvette Club more than just a car club – we make it a family. Wishing you safe travels and many miles of open road in the year ahead!

Motor on!

~Mary Anne Lewandowski

Hi everyone! We're Bart and Terri Hollis, and we're excited to have recently joined the Lancaster County Corvette Club. We've been married for 37 years and live in Lancaster. We have three children and four grandchildren, with one more grandchild on the way!

Bart drives a 2023 Corvette C8 and is a proud U.S. Marine who recently retired from the West Hempfield Township Police Department. In his spare time, he and our son Will enjoy working together to restore a 1979 Corvette C3, which has become a special project for them. Terri works for Armstrong World Industries and enjoys shopping and spending much of her free time with the grandkids.

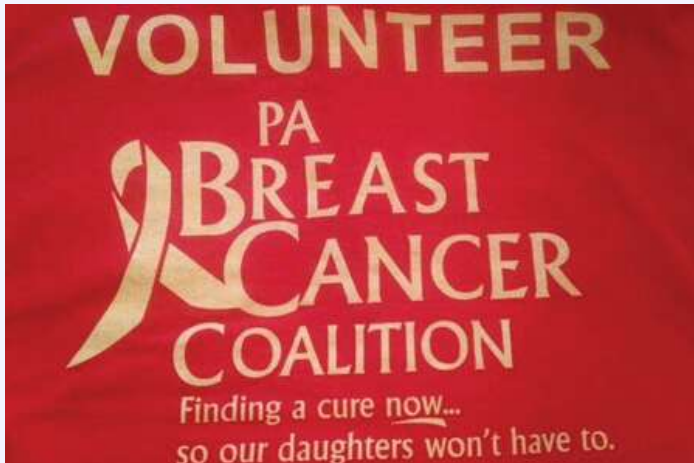

Together, our hobbies include traveling, going to the casino, and hosting friends and family. We're really looking forward to meeting everyone, getting involved in club activities, and sharing our love of Corvettes with such a great group of people!

## Breast Cancer Fundraiser

Here is our “Thanks to Our Sponsors” picture for 2024. I would like to thank Kurt Steidle for helping me with this picture. I would also like to thank the many members of the Lancaster County Corvette Club for their donations, and to remind everyone that there is still time to donate. I am on the right, and Rich Grant- my transit driver- is on the left. We will be using my new 2023 Orange Z51 Corvette again this year. Rich Grant, a new member of the Northern Virginia Corvette Club, will once again serve as my transit driver to help with the highway miles.

I am getting ready for this year’s event, which we will compete in early May. Every year we do a different route. This year, we will be leaving from South Bend, Indiana after the Wet Skid Pad Competition and then heading to the I-29 Road Course in Pacific Junction, western Iowa. From there, we will travel to Hallett Motor Racing Circuit in Jennings, Oklahoma. After Hallett, we will head to our farthest west course, High Plains Raceway Road Course, not far from Denver, Colorado. That same day, we will make a short trip to Julesburg Raceway Drag Strip for a drag strip event.

Next, we are off to Motorsports Park Hastings near Hastings, Nebraska, followed the next day by Road America in Wisconsin, and later that same day to Slinger Super Speedway Oval Track in Slinger, Wisconsin. We will then head to Blackhawk Farms Raceway near Beloit, Illinois for our final road course event, before returning to South Bend for our last competition—the Dry Skid Pad—on Saturday. That Saturday, we will also have our Awards Luncheon. Including the miles to and from South Bend and back home, the total distance will be almost 4,200 miles in just over a week.

As noted, Rich Grant will again be my transit driver, handling the highway miles, while I will do all of the competition driving. This will be my 17th One Lap of America. Over the past several years, we have raised more than \$55,000 for the Pennsylvania Breast Cancer Coalition. By making a donation, you can ride along “vicariously” with your name displayed on the top of the car while helping support a great cause.

The Pennsylvania Breast Cancer Coalition represents, supports, and serves breast cancer survivors and their families throughout Pennsylvania through educational programming, legislative advocacy, and breast cancer research grants.

To make a donation and receive a sticker on the car, I will be sending a clipboard around the meeting room for pledges. You can also see me at meetings, stop by the store, or send your donation to: Jim Roberts % West Main Auto, 14 W. Main St., Mount Joy, PA 17552. Your name- or the name of someone you wish to honor or remember- will be placed on the Breast Cancer sticker on the roof. Please make checks payable to PBCC or Pennsylvania Breast Cancer Coalition. You may also donate online by visiting <https://www.pabreastcancer.org/one-lap-of-america/> and clicking "Donate" to use a credit card. I am eager to reach my fundraising goal this year, and all donations are greatly appreciated. This terrible disease has touched the lives of many of our friends and loved ones. Thank you for considering a donation.

To follow the adventure, I continue to maintain a blog at [www.onelapadventure.blogspot.com](http://www.onelapadventure.blogspot.com), where you can also find older stories. You can also like my Facebook page, *Jim's One Lap Adventure*. Please keep watching for more updates!

Thank You!

# LCCC December E-Board Meeting Minutes

**The Executive Board Meeting of the Lancaster County Corvette Club was held on Wednesday, December 17, 2025, at the Roberts' home beginning at 6:02 PM. Present were Lisa DeFelice, Mike and Sue Baker, Jim and Sharon Roberts, Scott Breneman, Mary Anne Lewandowski, Clyde and Sue Mooney, Lisa and Erin Hollis.**

Concerns for Members: Clyde Mooney reported that Sandy Richards had a heart attack, as they noted in their Christmas Card updates for the year.

## **Old Business:**

- Christmas Meeting Wrap-up: Lisa DeFelice reported that 63 people attended the Christmas meeting.
- Mike Baker noted that the women from Clare House did a wonderful job speaking about the Clare House and reporting how they help the women and families there.
- Awards Banquet Status Check: Mary Anne Lewandowski reported there are very few awards responses in Survey Monkey (5 as of late last week). Discussed ways to increase the participation. Mike Baker suggested giving out paper ballots at the January meeting and having people complete them there and hand them back in.
- Open Positions: Mary Anne Lewandowski reported that Melissa Gramley reached out to her and expressed interest in the Christmas Angels position for 2026. Mary Anne is calling Melissa to review the position.
- Barrett Jackson- The Price Is Right- Mike Baker made a motion to approve \$330 for awards (same amount as last year), seconded by Mary Anne Lewandowski and approved by all.
- President: Mary Anne Lewandowski thanked everyone on the Board and thanked Mike for taking over the Membership Chair for Scott and keeping everything moving forward. She also thanked all members of the Board who will not be continuing next year (Tony DeFelice and Steve Colucci) as well as welcomed new members of the Board who will be joining next year (Bart Hollis- Membership, Terri Hollis- Newsletter, and Sharon Roberts- Treasurer). Mary Anne will order shirts for the new Board Members.
- Governor's Report: Scott Breneman had nothing new to report at this time.
- Newsletter: Tony was absent this month. Terri Hollis and Lisa DeFelice noted that Tony did pass everything to Terri Hollis to take over for 2026.
- Mary Anne noted she will send the logo for our new Sponsor to Lisa so tickets can be printed for the raffle car when ready.

# LCCC December E-Board Meeting Minutes

- Membership: Mike Baker reported he has received 4 renewals with the late fee included. He also received an application for a new member. With 2 new members, will put us at 108 members (last year at this time we were at 109). Mike shared the new password for the site for 2026 which will be sent to Membership and added to the back of the new membership cards to be distributed for 2026. Mike also noted the Board should look at discussing increasing dues early in 2026 for 2027. Mary Anne will add this to the January meeting for the E-Board.
- New Business/Miscellaneous: Lisa DeFelice asked about the number of invitations to the Award Banquet for the Sponsor and it was noted that there will be 6 invitations for the Sponsor.
- Clyde Mooney discussed that County Corvette Club has sent out a raffle request for a new Corvette at \$100/ticket with 999 being sold. 6% of the proceeds going to the Children's Hospital and the remainder to the Club. It was noted that they accept Visa and Mastercard which is not legal in Pennsylvania.
- It was noted that we need to discuss the roof maintenance for the trailer as well as replacing the name of the sponsor. The new sponsor is aware of the need to change this.
- There being no further business – motion to adjourn by Mike Baker, seconded by Lisa DeFelice and approved by all- the meeting was adjourned at 6:40 pm.

# ***The Price is Right!***

## **Barrett-Jackson Auto Auction**

### **January 20<sup>th</sup>-24<sup>th</sup>, 2026**

Sound the trumpets!! Break out the confetti—this is **HUGE!!** For the **20th CONSECUTIVE YEAR**, LCCC’s “The Price Is Right” guessing game returns this month!

Held in conjunction with January’s Barrett-Jackson Scottsdale Collector Car Auction, LCCC’s annual prognosticating extravaganza is your opportunity to join fellow LCCC members in a friendly 5-day competition showcasing your sometimes mystical (and occasionally questionable) ability to peer into the future and forecast the precise “hammer price” of about two dozen (+ or -) plastic-bodied beauties – each and every one hand-picked by your slightly sinister Master of Ceremonies from the entire auction field of 120+ Corvettes.

As always, we’ll have prizes for the top three finishers, the top rookie, the player with the most “bull’s eyes”, the team that ultimately vanquishes the others, and maybe one or two other good-natured awards. Just for fun, we’ll throw-in a few unique “non-Corvettes” crossing the stage on “Big Money” Saturday to keep it interesting for those that have stumbled along the way and are out of the running for any of our top contest honors. While there is always a core of “TPIR Diehards” making up a good portion of the field, for the 2nd year in a row we’ve added special “Daily Prizes” exclusively for rookies to encourage more of you to enter the game – that’s right, FIVE unique prizes just for you newbies, and nobody can win more than one! And if you think your lack of Corvette-specific knowledge is a reason to sit this out – think again. For the past two years higher amounts of estrogen have been the secret to taking home “Rookie of the Year” honors, with scientific methodology such as “I really liked the color, so I guessed high” to “I thought that one was kind of ugly, so I guessed low” dominating the prediction process. In other words, don’t overthink this and jump in!!

Just like golf, this is a “low-score wins” kind of contest. “Penalty Bands” will remain the same as the past few years: guess within 25% of the actual selling price, and your “penalty” will simply be the difference between the two. Miss by more than 25% but less than 50%, and we’ll double the difference. Miss by 50% or more, and you’ll enjoy a 3X penalty along with a good chance of spending some “time in the barrel” of your MC’s daily commentary, along with a few well-deserved giggles from your fellow competitors. For those new to the action, if you’re concerned that you’ll be the only one who frequents the triple-punishment category, we can assure you that you’ll have plenty of company from everyone who plays – nobody escapes unscathed!

Our very popular (and often game-saving) “Get Out of Jail Free” rule is back (which automatically eliminates each contestant’s single worst penalty), once again accompanied by the “Kevin Hart” rule, which completely removes from our contest any vehicle where some idiot (aka, Kevin Hart) overbids the value so absurdly that the “Get Out of Jail Free” rule must be applied to our entire field on a single car. If you’re still not sure why this rule exists, Google “Barrett-Jackson 2021 Lot 1358”, or “Kevin Hart spends way too much on a Corvette”. Results will be provided each day after the final gavel falls via email (in both .pdf and Excel spreadsheet format), accompanied by the widely anticipated acidic commentary from your MC which adds just the right degree of levity to the proceedings.

Based on the successful process we’ve managed to follow in the last few years, the official LCCC “The Price Is Right” auction entry form will ONLY go out via email blast to all members in early January once the auction field is set. All entries must be received VIA EMAIL no later than Saturday, January 17, 2026 at 7:00pm PST (that’s 10:00pm for you folks in the Keystone state). At that point I’ll get all of the predictions loaded into the spreadsheet and contact last year’s top finishers – who will draft their teams from the full roster of all participants, select an appropriate moniker for their band of noble combatants, and initiate the generally genial “trash talk” as the fun begins!

As the action reaches a climax on Saturday night, I’m excited to announce that the “The Price Is Right” wrap-up viewing party will once again be hosted by Suzanne & Mike Baker!! This event is always a great gathering, where friendship and good-natured ribbing of fellow competitors is as widely shared as the potluck food and drink. More details to follow.

Questions? Ask anyone who has participated over the last few years, drop me an email at [zr1-zo6@comcast.net](mailto:zr1-zo6@comcast.net), or just give me a call at 717.201.4690 (I’m now on PST, so not too early 😊). This is clearly an activity where “the more the merrier” rings true, so there’s really no good reason to sit on the sidelines and let others have all the fun (and the prizes)!

Last year we had 43 members (including 9 rookies!) take the plunge and test their prognosticating abilities against the fervor of Scottsdale’s jacked-up, Corvette-hungry attendees. As an ode to hosting this craziness for 20 years, I’d love to see us DWARF that number and turn our contest to see who grabs the “Rookie of the Year” award into a real battle! Hoping everyone had wonderful holiday season, your Master of Ceremonies, Jeff Murphy.

## Joseph Newgarden Receives 2026 Corvette ZR1 Through R8C Delivery at the National Corvette Museum

2023 Indianapolis 500 winner Josef Newgarden visited the National Corvette Museum this week to take delivery of his 2026 Corvette ZR1 through the Museum's R8C Delivery program. The two-time NTT INDYCAR SERIES Champion and Team Penske driver accepted the handoff on Corvette Boulevard, where thousands of Corvette owners have marked the start of their own driving legacy.

The R8C Delivery program places each new Corvette owner into the history of the brand by making the Museum part of their first day behind the wheel. The process includes a guided orientation with a Corvette delivery team member, an in-depth vehicle review, and an official presentation on the Museum floor. Owners receive a personalized plaque and one-year Museum membership as part of the experience.

For Newgarden, a driver known for his focus on balance, braking, and mid-corner precision, the ZR1 arrives with those same principles built into its engineering. The 2026 ZR1 is powered by a twin-turbocharged 5.5L DOHC V8. It shares its architecture with the naturally aspirated flat-plane LT6 found in the Z06 but adds twin turbochargers to deliver the most powerful Corvette engine ever offered from the factory. The ZR1 also features a carbon fiber aero system, available carbon-ceramic brakes, and a chassis calibrated for road course stability and high-speed control. Newgarden's visit to the Museum follows a long tradition of performance drivers engaging with the Corvette brand—not as a sponsorship, but as a shared understanding of how engineering, precision, and legacy connect on the road.

For the National Corvette Museum, the R8C program represents more than a delivery. It is a curated moment that joins owners to the larger story of America's Sports Car. Each vehicle delivered on Corvette Boulevard becomes part of the Museum's living mission: to preserve, educate, and celebrate the legacy of Corvette.

Newgarden's delivery was completed in Bowling Green, Kentucky—just one mile from the GM Bowling Green Assembly Plant where every Corvette has been built since 1981.

To learn more about the R8C Delivery Program or schedule your own Museum delivery, visit [www.corvettemuseum.org/r8c-delivery/](http://www.corvettemuseum.org/r8c-delivery/)

# 2025 LCCC Night Before Christmas Poem

By: Steve Witmer

Twas 16 nights before Christmas  
and who could forget  
The last Christmas party of the  
Lancaster County Corvette  
Cody and Abbie hosted the party  
at Mount Gretna Timber  
Our vehicles were on brightful  
display and no sign of winter

Kurt called the meeting, and it  
was uneventful and brief  
Some of us couldn't wait to get in  
line for roast beef  
The car/truck decorations of  
some were elaborate  
Buddy the Elf stayed up on my  
seat and he didn't deflate

Christmas Angels appeared on the  
crest of the new fallen snow  
19 shopped for Clare house with  
plenty of dough  
Travis and Melissa were Boscov  
shopping rookies  
Hanging with me we forgot to  
look for cookies

Jeff's Inspiring messages led to  
the start of the annual auction  
His in-game dialect was direct  
and had little caution  
With terms like Bidenomics, TPIR  
sandwich mentioned  
The Kevin Hart Rule snapped  
everyone's attention  
Tony D. won the event by not  
bending too many fenders  
My team of 3 7's and an 8 barely  
beat Top Ken Tenders

Lots of Rookie winners and Sue  
Baker was overall top  
Clyde knocked off 4 bulls' eyes  
that definitely was no flop  
Rookie Scott Fredericks started  
out the million-dollar flub  
Henry and Val C. ended in the 16-  
million-dollar club

I made a record 1.5 billion dollars  
over on one car  
At least Elon Musk's 400 billion  
net worth exceeds that by far

Our awards banquet was well  
attended with glee  
Congratulations to all award  
winners deservingly  
Scott Breneman was voted our  
Lifetime Achievement Award  
Our Governor works hard a  
distinguished member of our  
board

Parades ramped up in May with  
fearless Ken in the lead  
Jessie and I will learn the ropes in  
2027 he will concede

We show up and drive to help our  
bottom line  
The parade brigade is tight, and  
we get along just fine

Barry's car barn tour was  
definitely enlightening  
Seeing all that capable speed was  
a little bit frightening  
Jim Roberts 4,000-mile trek  
included the NCM track this year  
Surpassing \$50,000 in donations  
gave us all something to cheer

Marvin and Ruth's trek to  
Stormers was without hitch  
Dianne distracted me and I  
missed the first pitch  
Perry County Registers we had  
awards galore  
Brian Gormont C-1 1st place best  
no restore

LCBC date enabled many to  
attend this year late  
Information not shared so I don't  
remember anyone's fate  
But Stauffer's show by Kurt and  
Joanie was a big hit  
Doug Desmond's generous prizes  
given before we split

Angie and Rick lead us on an AMT  
performance adventure  
We had a great time because we  
were Happy Together  
At GM nationals' members started  
our famous raffle  
Some were sold but still left a lot  
to scraffle

July 4th Lititz parade we had a  
dozen or more convertible  
We showed up and displayed our  
guest's observable  
The Jak Frost 40 gave Jesse's  
family business  
A nice get together to help with  
their liveliness

# 2025 LCCC Night Before Christmas Poem (Continued)

By: Steve Witmer

Got to mention our favorite music  
director Ali  
Illumination, Piano men and  
Queen Journey where quite Dali  
Our annual trip to Oregon dairy  
for our ice cream had fate  
I messed up the time and Steve C.  
paid my banana split late  
Our cruise to the Canal House  
was well attended and casual  
Our social at Eileen and Mike's  
was enlightening and visual

Corvettes at Carlisle displayed  
our black beauty raffle car  
We had 60 sellers total and was  
successful by far  
With Lisa and Tony leading the  
way  
Lisa reported selling out by 10:20  
on Friday  
On stage and on exhibit along  
with our car gleam  
The first number one vin that  
made us all dream

Steve and Jeanne went all out for  
Wine and Wheels  
Bad weather finally caught up and  
Nissley lost some deals  
Mike and Sue Baker however  
stood out in the dreary  
Winning 1st place in the people's  
choice clearly

October 5th Legends concluded  
our yearlong mission  
Thanks to those involved with all  
those baskets on exhibition  
Relief to have great weather and  
125 cars park  
Christmas Angels, we shop for will  
definitely be a lark

Mary Anne, Mike, Deb, Angie and  
all other helpers share  
The successful conclusion show  
had a lot of flare  
Clare House and Chip Miller were  
the main connection  
Big checks on display made for  
thanks and reflection

A rare treat for me was a parade  
in East Pete  
Cylo, Ed and 2 nephews made the  
parade complete  
Autobahn Go-Kart I didn't see  
any result  
Maybe it replaced autocross  
without consult  
Bill's Old Bike Barn with many  
items on display  
Maybe next year I will stay and  
won't be away

Noah's Ark in all its magnificent  
reflection  
The performance was a theater  
wide religious inspiration  
With live horses, ducks, lamas,  
goats, monkeys and more  
Members on the end were  
showered with bananas at least I  
count four

Holiday Inn was a whoop-de-doo  
and a dickory docks  
They reminded all of us to hang  
up our socks  
I'm dreaming of a White  
Christmas was a part of the show  
Most of us wishing this holiday we  
don't have any snow

John Sauder Chevrolet is our new  
sponsor team  
Like Santa's reindeer they came  
through when extreme  
We have little old drivers lively  
and quick  
We have to keep up with our good  
friend St. Nick  
A great big bundle of toys he  
carries in his sack  
Tonight, it is different I'm on his  
back

A salute to our good friends Freda  
and Galen  
I heard from a birdie that the  
couple is baling.

This year came early for our  
Bosco Clare house shop  
I think we were lucky we didn't  
run into the mall cop  
If I missed anything or anyone let  
me know  
I'll include it next year belated I'll  
eat crow

My gift presented tonight is all  
wrapped in red  
Keep your tickets handy you have  
nothing to dread  
A real Santa would be a wonderful  
delight  
Happy Christmas to all, and to all  
a good night.
