President's Message – Mary Anne Lewandowski

Hello everyone!
I thought for this month's message, I'd share the notes for our 36th Annual American Legends Wrap-up, so here goes…

A few things from Sunday:

- 49 cars were pre-registered for the show
- 10 additional cars showed up on the day of the show
- 45 total cars came (including two trailer queens!)
- Oh, and 2 inches of rain fell!!

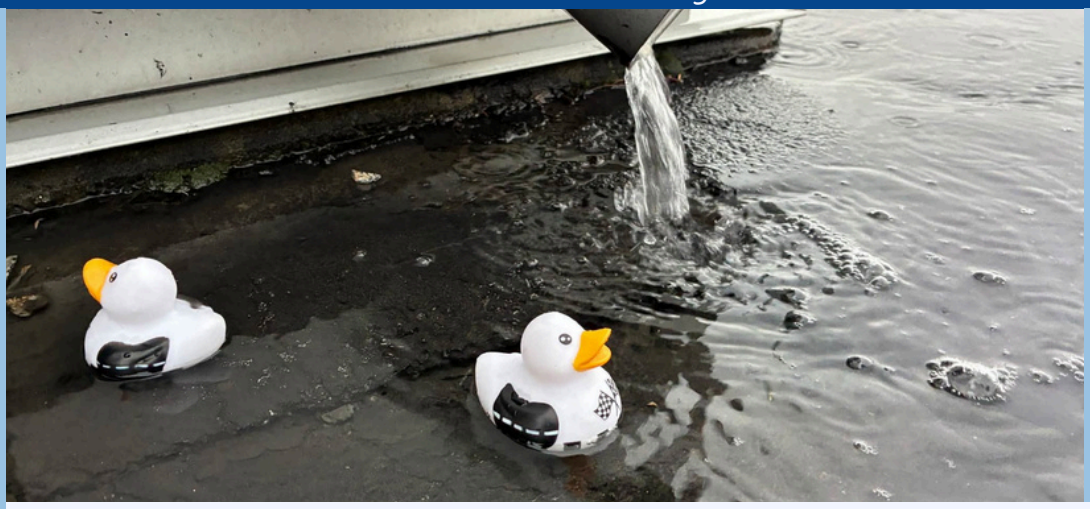

First and foremost, Thank you to everyone who came out, brought your cars, shared your enthusiasm, and helped make the day special. I want to offer my heartfelt thanks to everyone who volunteered to help with the show. It never ceases to amaze me how willingly and gracefully this club steps up, adjusts, and does whatever is needed in the moment. That spirit is one of the things that makes me most proud to be part of this group, and it truly humbles me. Thank you to everyone who supported the Christmas Angels program so generously, even with the lousy weather. Your kindness and generosity are astounding. You are an amazing group of people—and yes, you have some pretty cool cars, too.

I would also like to congratulate Melissa and her wonderful team of helpers on a hugely successful Christmas Angels program. Your hard work, heart, and dedication made a real difference, and you did a truly beautiful job. I also want to recognize the excellent support from Clare House during the show. Their enthusiasm is growing in such a wonderful way, and it is clear that they enjoy being with us and helping us support their mission. It is encouraging and heartwarming to see their excitement continue to blossom.

President's Message Continued – Mary Anne Lewandowski

Thank you as well to the folks who came out the day before the show to help set up. Your time, effort, and willingness to pitch in were deeply appreciated.

Thanks also to Melissa for creating an exciting social media presence. This is generally new territory for us as a club, and Melissa has grabbed the bull by the horns and done a great job with it!

I would especially like to thank Mike Baker for all his support, particularly in those final busy days leading up to the show. His patience, steady help, and good humor meant more than I can say.

As aside note, there was also a report of several rubber duckies floating down route 23!

Thank you once again everyone for all your help and support in making this 2026 American legends show a success.

Motor on!
~Mary Anne Lewandowski

We would need to see if there is an exception for this- if not, we still would not be able to accept credit cards. 1957 Don Yenko Corvette Now on Display at the National Corvette Museum

A Corvette traded in to Don Yenko's Chevrolet dealership went on to become a championship-winning SCCA racer. Now restored to its 1963 racing configuration, the 1957 Don Yenko Corvette is on display at the National Corvette Museum. Its story begins with an ordinary transaction: the Corvette had been traded in to Yenko's dealership. In search of a car to compete in the Sports Car Club of America's B Production class, Yenko saw another use for it.

Don Yenko Takes a 1957 Corvette Racing

By the early 1960s, Yenko had a successful partnership racing Corvettes for the Gulf Oil team. For SCCA B Production competition, however, he turned to this 1957 Corvette and modified it for racing. The results followed. During the 1963 season, the Corvette won nine events and captured the B Production National Championship. When his partnership with Gulf Oil ended, Yenko kept racing his "old" Corvette in B Production events while testing new modifications that would help make his performance business successful.

Rediscovering the Yenko Corvette

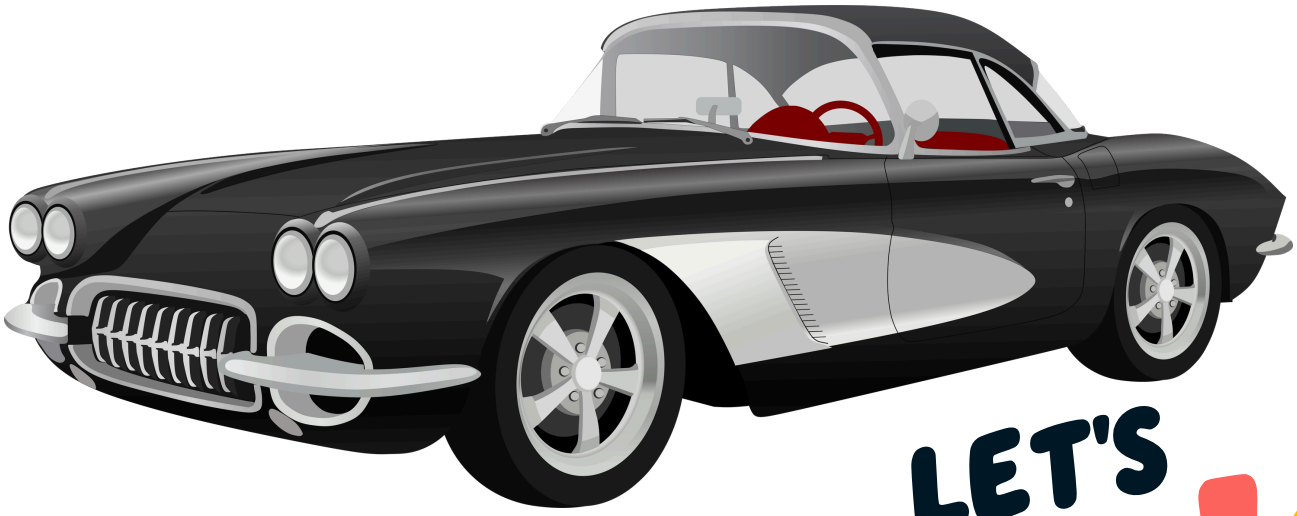

The identity of this particular Corvette was eventually rediscovered during a family restoration project. The car was then restored to its 1963 racing configuration, returning it to the appearance associated with its championship season. Today, visitors to the National Corvette Museum can see the Corvette in person and consider a story that stretches from a dealership trade-in to nine victories and an SCCA national championship.

Who says Corvette owners don't take their cars out in the rain?

A few LCCC members proved otherwise today! A little rain didn't deter us from supporting
<u>The 3rd Annual Lancaster County Police Officer Pink Patch Car Show.</u>

Congratulations to our four trophy winners: Bart, Travis, Mike, and Jim! A little extra drying and detailing was worth it!

Come for the cars, stay for the community.

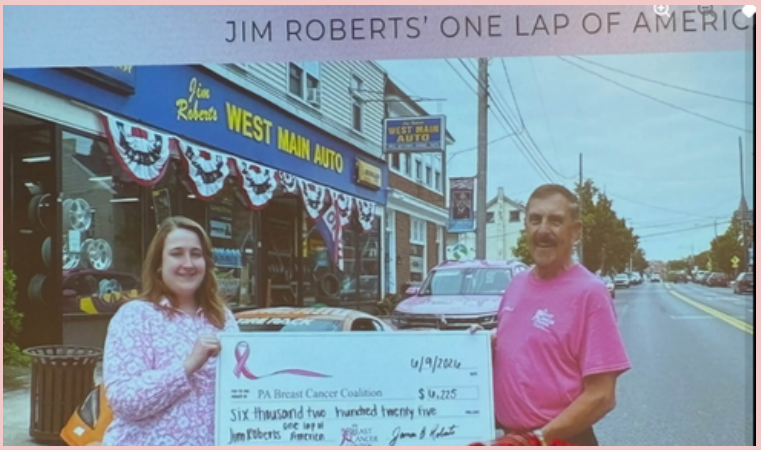

Jim Roberts attended The Pink Party in Harrisburg for The Pa Breast Cancer Coalition to which he was invited because of his excellent fundraising for them, as part of my One Lap of America!
